The Microfinance Association

This is a professional membership organisation with an international presence. We support local microfinance networks, and can assist in setting this up in your area.

Our members are professionals working in the microfinance sector. They come from a variety of backgrounds both nationally and internationally.

They are individuals working in the microfinance institutions, the venture capital sector, non-governmental organisations, government organisations, development agencies etc. Our members work at all levels from entry point through to chief executive. We are a professional body with a growing list of consulting clients.
